

Abby Sirek

Board Member since 2023

Abby is a new Elyite, who moved to Ely in July 2022. She currently works as a pharmacist at Ely-Bloomenson Community Hospital and is excited to become more involved with Northwoods Partners. She has a passion for her patients and knows that Northwoods Partners plays a vital role in keeping the aging population of the Ely and surrounding areas supported, healthy, and happy.

Abby was born and raised in New Prague, MN. She received her Bachelors in Pharmaceutical Sciences in 2019, followed by her Doctor of Pharmacy in 2021, from South Dakota State University (Go Jackrabbits!). She then completed a post-graduate residency with the University of Minnesota College of Pharmacy at CentraCare in Paynesville, MN, where she focused in ambulatory care and rural health. She is currently pursuing her Board Certification as a Pharmacotherapy Specialist (BCPCS) and a certification in Antimicrobial Stewardship.

In her free time, Abby enjoys spending time with friends and family, playing outside, and being involved in the Ely community.
